

FAMILY FARMS COOPERATIVELY OWNED

We know all about cooperation. It's a two-way street. After 20 years of experience in cooperative, sustainable, and local-to-your-region family farming, we have become a trusted, farm-direct source our customers appreciate. We are proud to produce the highest quality organic ingredients available, and we have USDA organic certification to back it up. More importantly, we'll be happy to share some product samples to prove it.

CROPP COOPERATIVE
ORGANIC and FARMER-OWNED since 1988

Our Organic Promise

We, the Farmers of CROPP Cooperative, honor the interdependency of all life. We produce delicious organic foods without antibiotics, synthetic hormones, pesticides, fertilizers or GMOs.

We are farmers,
working in harmony
with nature to produce
the highest quality
organic foods.

ORGANIC INGREDIENTS

Organic Valley provides bulk ingredients to some of the leading companies in the organic industry. As North America's largest organic farmer-owned cooperative, we ensure all of our products are certified organic. Whether it's fluid or hard dairy we are committed to providing you with the highest quality finished goods in a timely manner. We can also produce custom product made to your specifications. All our ingredients are produced from vibrant living soil, on our organic family farms, where the earth and our animals are treated with the utmost care.
